Answers to the following should be kept short in **bullet point format** and should demonstrate measurable results. We also encourage a separate presentation to supplement the below, although priority will be given to the below answers.

---

1. Asset/investment description:

---

2. Overall investment strategy with rationale and key objectives:

---

3. Outline the asset management plan explaining specific initiatives linked to the investment strategy:

---

4. Results from the asset management initiatives that demonstrate improved operating performance and/or increased real estate value:

(this may include but not limited to detailed operating KPI improvements, market penetration/positioning, customer review scores, real estate valuation uplift)

---

5. Where applicable and if not covered elsewhere, summarise the impact of Covid by explaining how the asset management plan may have been adapted to react to the challenges and opportunities of Covid:

---

6. Environmental, Social, and Governance Criteria – explain how ESG considerations were considered at the planning stage and how this flowed through into the results:

---

7. Outline why do you believe that your project should be chosen as the winner:

---
